

A COMPLETE, FAST DRYING, LOW ODOUR WOOD TREATMENT FLUID FOR INDOOR AND OUTDOOR TIMBER TO CONTROL WOOD DESTROYING INSECTS AND WOOD ROTTING FUNGUS.

**DIRECTIONS FOR USE:** The treatment should be applied to all accessible surfaces for both indoor and outdoor applications. Apply treatment to the surface by brushing on to the area carefully, applying 300ml per square metre. Pay particular attention to areas that have many flight holes.

**NOTES:** For indoor use: make sure surfaces are clean & dry. After application, ventilate well & leave until fully dry. For outdoor use: make sure surfaces are clean & dry, do not apply in wind or if rain is likely within 24/48 hours. Once surfaces are fully dry they can be overpainted, stained or varnished.

In both cases we recommend you test a small hidden area first due to darkening or staining. We recommend an exclusion period of 48 hours, or until all treated surfaces are dry, before you enter the room or touch/move treated surfaces. We advise you wear a mask when using this product. Read all precautions & cautions before use.

#### STATUTORY CONDITIONS OF APPROVAL RELATING TO USE:

FOR AMATEUR USE ONLY AS A WOOD PRESERVATIVE. Application rate: Apply 300mL per square metre. Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

**READ ALL PRECAUTIONS BEFORE USE.**

HSE 10236

**PRECAUTIONS:** To avoid risks to man and the environment, comply with the instructions for use. \*COVER ALL WATER STORAGE TANKS before application. \*DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. \*Dispose of contents/container to normal household waste. However if used in a place of work, any product and empty container must be disposed of as controlled waste. \*AVOID ALL CONTACT WITH PLANT LIFE. \*ALL BATS ARE PROTECTED UNDER THE WILDLIFE AND COUNTRYSIDE ACT 1981. \*BEFORE TREATING ANY STRUCTURE USED BY BATS, CONSULT NATURAL ENGLAND, SCOTTISH NATURAL HERITAGE OR THE COUNTRYSIDE COUNCIL FOR WALES. \*FOR IRELAND: ALL BATS ARE PROTECTED UNDER SCHEDULE 5 OF THE WILDLIFE ACTS (1976 AND 2000). \*BEFORE TREATING ANY STRUCTURE USED BY BATS, CONSULT THE NATIONAL PARKS AND WILDLIFE SERVICE. \*HAZARDOUS TO BEES. \*DO NOT USE ON BEEHIVES OR BEEKEEPING EQUIPMENT. \*DO NOT TOUCH TREATED SURFACES UNTIL DRY. \*WASH HANDS AND EXPOSED SKIN before meals and after use. \*3-IODO-PROPYNYL-N-BUTYL CARBAMATE is a carbamate compound which weak anticholinesterase activity. \*DO NOT USE if under medical advice not to work with anticholinesterase compounds. \*Keep out of reach of children. \*Avoid release to the environment. \*Collect spillage. If medical advice is needed, have product container or label at hand. Contains Permethrin. May produce an allergic reaction.

PCS 98439

**Note to Doctor:** For further information contact your local National Poisons Information Centre.

**CAUTIONS:** In all cases when using this product, we strongly advise that you test a small hidden area first. Some discolouration and darkening can sometimes occur depending on the wood and surface type, and depending on whether there is a polish, stain or varnish already on the surface, which can sometimes discolour due to water stain. If in doubt, do not use.

**Absorbent materials:** Remove absorbent materials and insulation from roof areas and other enclosed spaces before applying Rentokil Woodworm Treatment. Do not replace for 14 days.

**Electrical cables:** Ensure that electrical wiring and circuits are in sound condition before treatment. Do not apply Rentokil Woodworm Treatment to lead-covered cable or wiring in suspect condition. Cover junction boxes with polythene sheeting or cling film before treating adjacent timbers. Isolate the area of treatment from the electrical supply by removing fuses before application commences. Do not replace until work is completed.

**Fences:** Cover nearby plants and soil from splashes if using outside.

**Logs:** Do not use on wood that is intended to be burnt in a fireplace.

**Spillages:** Wipe up spillages with a paper towel or tissue and dispose of safely.

**Used Brushes:** Used brushes can be cleaned in water.

**Active Ingredients:** Permethrin 0.320% w/w, Propiconazole 0.077% w/w, Tebuconazole 0.073% w/w, 3-iodo-propynyl-n-butyl carbamate 0.074% w/w.
