## HG parquet gloss cleaner (wash & shine) (HG product 53)

HG "parquet gloss cleaner" (wash & shine) is a freshly scented, concentrated mopping cleaner with shine restorer developed specially for regular cleaning of both varnished parquet floors and parquet floors treated with HG "parquet protective coating gloss finish" (p.e. polish) (HG product 51). 1 litre is sufficient for 20 washes.

### Directions:

#### For regular cleaning:

Dissolve 50 ml (half a cup) in half a bucket (5L) of luke-warm water. Then clean the floor with a wrung-out mop or floor cloth, regularly rinsing it in the cleaning solution. Do not rinse or mop dry, simply leave the floor to dry on its own.

#### For intensive soiling or to remove the gloss coating of this product:

see the HG parquet floor treating matrix on the side of this bottle.

### Caution:

For veneer parquet, laminate parquet, click parquet and other not fully varnished parquet floors, use HG "laminate gloss cleaner" (wash & shine) (HG product 73).
